

Training 13 – Presentation case

培训 13 - 演示案例

Together with the devices of your last orders we also sent you this presentation case:

连同你上次订单的设备，我们也发送给你这个演示案例

As you see there are some empty spaces. The reason for that is that you have already got those devices from us in the past. Please insert those devices into their corresponding places: 正如你看到的，有一些空的空间。原因是你已经从我们这里得到了这些设备。请将这些设备插入相应的位置:

1 – Push-in monitoring head CSF for electronic control unit FC01... or FC100...

电子控制单元嵌入的监控头CSF FC01...或FC100...

6 – Flow meter FC50

流量计FC50

9 – Plug-in monitoring head CSP for electronic control unit FC01... or FC100...

插件监控头CSP电子控制单元FC01...或FC100...

14 – Threaded installation bush 螺纹安装

15 – Screw-in monitoring head CST for electronic control unit FC01... or FC100...

旋入式监控头中科电子控制单元FC01...或FC100...

Please take a photo of the fully equipped presentation case and send it to me. We would like to check if you really have all devices and everything is at the right place. 请拍一张完整的展示柜照片发给我。我们想看看你是否真的所有的设备都在正确的地方。

Do you also know the name of the other devices which we sent to you inside the presentation case? I will give you a short description of the devices. **Please send me the name of those devices together with the photo of the fully equipped presentation case** (this is a little test to check the level of your knowledge about FlowVision sensors): 你还知道我们在演示案例中发给你的其他设备的名称吗? 我会简单介绍一下这些设备。请将这些设备的名称和完整的演示案例照片一起发送给我(这是一个小测试，以检查你对FlowVision传感器的了解程度):

- 2 - Low-cost flow meter for compressed air, nitrogen, oxygen, biogas with 4-20 mA output
用于压缩空气、氮气、氧气、沼气的低成本流量计，产量为4 -20 mA
- 3 - Push-in type flow monitor for big pipe sizes (installation with threaded installation bush)
大管道尺寸的推入式流量监视器(带有螺纹安装衬套的安装)
- 5 - Low-cost flow meter for compressed air, nitrogen, oxygen, biogas with 4-20 mA output
用于压缩空气、氮气、氧气、沼气的低成本流量计，产量为4 -20mA
- 7 - Best-selling FlowVision stainless steel flow monitor with outstanding technical data
最畅销的Flow Vision 流量显示器，技术数据突出
- 8 - Low-cost stainless steel flow monitor for water 低成本不锈钢流量监视器
- 10 - Inductive velocity sensor (rotational speed sensor) 感应速度传感器(转速传感器)
- 11 - Best-selling FlowVision flow monitor for air applications in ambient pressure
用于环境压力下的空气应用是最畅销Flow Vision 流量监控器
- 12 - Sensor adapter for easy and fast installation and removal of the sensor
传感器适配器，便于安装和拆卸传感器
- 13 - Ball valve for easy and fast installation and removal of the sensor even pressurised
球阀便于安装和拆卸，传感器甚至增压
